RECYCLED MATERIAL CRUSHING

Time and Place for Bidding

The City of Merrill, Lincoln County, Wisconsin, will receive sealed bids for crushing recycled material. Bids will be accepted until 2 pm, March 20th, 2025, at the City of Merrill City Hall, at which time they will be opened, read aloud and placed on file for further action. Bids shall be returned to the City Clerk's office located at 1004 E First Street, Merrill, WI 54452. Bid documents will be available from the City Clerk's Office Monday February 17th, 2025.

Description of Work

Bids will be received for the proposed work, which consists of the following major items.

Crushing \$50,000 worth of recycled material located on Eugene Street, south of West Main Street.

BIDDING REQUIREMENTS

Examination of Contract Documents and Site

It is the responsibility of each bidder, before submitting a Bid, to examine the Contract Documents thoroughly, visit the site to become familiar with existing conditions and compare conditions to the final design, study and carefully correlate Bidder's observations with Contract Documents, notify the Public Works Director of any conflicts, errors or discrepancies.

Contract Time

The work shall begin no earlier than May 5th, 2025 and be substantially complete by July 18th, 2025.

Proof of Insurance

The successful bidder shall provide proof of insurance equal to or greater than the following:

- Comprehensive General Liability \$2,000,000 per occurrence and in aggregate for bodily injury and property damage.
- Automobile Liability \$2,000,000 per occurrence and in aggregate for bodily injury and property damage.

BID ITEMS

Crushing City of Merrill Recycled Material Stock Pile

This item shall consist of crushing \$50,000 worth of 1.25” Dense Graded Base Aggregate from the existing stockpile of recycled material located on Eugene Street south of West Main Street (see attached site map). The crushed finished product shall meet the Gradation listed below. The city understands the contractor can only crush the material that is present and understands the gradation may not always be achieved. Please use the gradation as a product target when crushing. The contractor is responsible for placing the finished crushed product in a location directed by the City of Merrill Public Works Director and to shape the pile to ensure positive drainage. Payment will be by the cubic yard price by measuring the finished product pile or belt production scale.
